

# Q-CATCH HEAD GATE

**ADVANCED, USER FRIENDLY CATTLE HEAD GATE**

PRODUCT CODE: QCHG

The Arrowquip Q-Catch Cattle Head Gate is world-renowned as a user-friendly head gate which offers superior control over the animal. It is equipped with advanced auto-adjusting head gate technology that facilitates placement around the animal. The cattle head gate yoke is designed to help keep the animal's head stationary by preventing up-and-down movement. Neck extenders and an optional head sweep provide excellent head control, while further minimizing the risk of injury.

## SPECIFICATIONS

- Auto-adjusting head gate technology.
- Yoke-style design to eliminate the up-and-down movement of animal's head.
- Exceptional head control with neck extenders and head sweep option.
- Outstanding quality and engineering.
