Q-CATCH HEAD HOLDER

CONTROLLING YOUR CATTLE WITH COMFORT

PRODUCT CODE: QC910

The Second Generation of Arrowquip's Q-Catch 910 Cattle Head Holder has been researched and developed to control the animal's head with maximum ease of use. With focus placed on operator and animal safety, this sturdy head holder makes the animal's head immobile by clamping securely around its neck. By considering the comfort of the animal, any procedure which requires access to the animal's head is simplified. Offering minimum stress, maximum safety, and ultimate efficiency, the Q-Catch 910 Cattle Head Holder is an excellent addition to any cattle handling system.
